Proudly helping Canadian municipalities operate, upgrade, service and maintain their water and waste water systems.

**Wolseley Waterworks** is a one-stop connection to the resources you need at 32 branches across Canada. We are a national leader in providing waterworks products and services to the municipal, heavy construction water, and waste water sectors. And we're a recognized national distributor of pipe, valves and hydrants, geosynthetics, fittings and flanges.

**WE DEAL WITH THE LEADING MANUFACTURERS IN NORTH AMERICA**

These vendor relationships allow us to source the best products both globally and locally, resulting in the best pricing and product selection in the industry. We're proud of the fact that our people are known for their technical knowledge, expertise and efficient customer service.

We know that time is money and our goal is to provide the service and solutions that will help our customers deliver their projects on time and on budget. With 24/7 after-hour services, you can count on our staff of professionals to go the extra mile to provide solutions and to source products for your complex projects.
